

PARTNERING FOR SUCCESS

DBA

WITH AIG

As more and more contractors enter into relationship with the U.S. government for a variety of projects involving various public works, such as the rebuilding of war-torn countries or for the overall national security of the country, Defense Base Act (DBA) coverage is vital – and mandatory. AIG dedicated underwriting and claims team is uniquely qualified to help brokers to navigate through this complex area.

DBA Facts & Important Information

- Disability, Medical, Vocational Rehabilitation, and Death benefits to covered employees, or their eligible survivors
- Compensation for total disability varies depending on specific disability/case as per the Act
- Death benefits can be paid to surviving spouse and children, up to the maximum weekly rate.
- Permanent and total disability benefits are payable for life and subject to annual cost of living adjustments
- \$3,000 in funeral expenses is just one of the benefits

TRIGGERS for DBA:

- Work on:
- ✓ A U.S. military base overseas
 - ✓ Any lands occupied or used by the U.S. for military or naval purposes outside of the U.S.
 - ✓ Public work contracts through any U.S. government agency to be performed outside of the U.S.
 - ✓ Contracts approved and funded by the U.S. under the Foreign Assistance Act, which, among other things, provides for cash sale of military equipment, materials and services to its allies, if the contract is performed outside of the U.S.
 - ✓ U.S. employers providing welfare or similar services outside of the U.S. for the benefit of the Armed Services

ELIGIBILITY:

- ✓ All employees (regardless of the employment contract, its' length and number of employees) including U.S. nationals (USN), local country nationals (LCN) and third country nationals (TCN)
- ✓ Subcontractors at any level or degree of separation
- ✓ If the subcontractor is unable to pay DBA benefits to a subcontractor employee the prime contractor is held responsible
- ✓ Applicable to foreign companies

Coverage Issues – CAUTION:

- ✓ Stiff penalties for not obtaining DBA coverage
- ✓ Government contracts generally contain a provision requiring bidding contractors to obtain necessary insurance. Failure to do so may result in fines and possible loss of contract
- ✓ Employers without DBA coverage may be subject to suits under common law wherein common law defenses are waived. In other words, the claimants or their heirs sometimes need only file suit and may not have to prove negligence.
- ✓ Claims may be filed in Federal Court against the insured directly
